THE HOME PAPER

SAY!

(By CHARLES J. ARNOLD)

Here's hoping that Santa Claus will be mighty good to all you folks.

But it's too late now to do your shopping early.

The Weather—Ain't it dandy!

I hope they soon get the lights working at Greencastle's new emergency landing field. Two emergencies have arisen in the past few weeks and in each instance the pilot of the big T. A. T. plane has been forced to land in an open field, because he was unable to find the field. Luckily each landing was successful as far as injury to passengers is concerned.

I see where a Boston College faculty member says that a college degree is worth \$72,000 to its possessor. But I'm betting many "possessors" would sell their's at half the price and then feel like they had cheated the purchaser.

I had a letter from a friend of mine, yesterday—rather it was a post card—in which he admits that although this "Merry Christmas" stuff is pretty shop worn, he wishes me a lot of it nevertheless.

Personally I never have been "fed up" on "Merry Christmas" and hope I never will be.

THE TEN BIGGEST NEWS EVENTS OF THE YEAR

The ten biggest news events of the year 1930, according to Kent Cooper, general manager of the Associated Press, were: Andrew, Coste and Bel-lonte, Bobby Jones, Gandhi, the Lind-bergh baby, the Columbus peniten-tiary fire, the American drought, Planet X, King Carol, the Burning of Drigible R-101.

They have started coming thick and fast. The Christmas cards I mean.

My Sunday mail was full of greet-ings. One especially appreciated and looked for each year comes from my old friend, C. E. McBride, Sport-ing Editor of the Kansas City Star. Mac's cards, if nothing else, are origi-nal. Each year, for many years, he has kicked in with an "original" in keeping with both his vocation as a sport writer and sport expert, as well as the spirit of the season. Mac utilizes the ability of the Star's artists in making up his annual greeting and with scenery, as only a Star artist can paint, together with Mac's verse, he generally gets over big. This season Mac is pictured as a Marionette show operator, and his characters re-present eight different sports. Then Mac bursts forth with:

In spirit of the holidays:
My puppet corps salutes:
The quarter calls for winning plays
The Mascot wards off "boots".
Me and my shadow send to you
A song of Christmas cheer.
And hope your Ace of Luck runs true,
Each day the coming year.
C. E. McBride

BIG MEN FROM WEST HIT TRAIL FOR LOOT

Charles H. Barnaby, wearing a life size Rotary Club badge, leading O. W. Hollowell, match maker for the L. & H. basketball team and singing Kiwanian, by the hand, started to hitch-hike to Indianapolis, early this morning, where they will go into executive session with some of the Capital City big boys today, and negotiate for a meeting of the L. & H. basketball team, with one of the Indianapolis eligibles, to be played as a curtain raiser for the Kiwanis-Rotary Charity basketball game to be staged here on the evening of Decem-ber 29.

Each carried a lunch basket when they left town and stated that they would not return until a big match had been arranged. Each was armed with credentials from his club, which guaranteed his recognition as full fledged representatives of the local organizations.

CAR HITS POLE

A car owned and driven by Thomas Tuttle was damaged, when it struck a telephone pole near Brick Chapel on State road 43 north of here late Saturday. Tuttle, who was driving south went into a ditch to avoid striking a northbound car on a curve. The car was brought to the Franklin Street Garage for repairs. No one was injured.

Newgent is a Putnam county boy, being the son of Mr. and Mrs. Warren Newgent of Clinton township.

In the last quarter of the game both Cloverdale and Fillmore substituted their second team mem-bers for the regulars. The two second teams fought a close battle, Cloverdale scoring 6 points to Fillmore's 5 points.

FIRES AT MAN WHO REFUSES TO PAY FOR GAS

GASOLINE THIEF IS CHASED ACROSS PUTNAM AND CLAY COUNTIES BY FILLING STATION OWNER AND DEPUTY SHERIFF

ROBS LORA BUIS STATION

Owner Empties Gun at Fleeing Man—Is Second Robbery of Kind at Place On National Road East of Here

After having four bullets from a thirty-two calibre revolver fired into the rear of his Chevrolet sedan a thief escaped without paying for four gallons of gasoline ordered from the Lora Buis filling station on the National road east of here. The man was followed to Brazil by Mr. Buis and a deputy sheriff, but the pair lost track of him there.

The thief, who was described as a well dressed man, driving a Chev-rolet sedan of a late model drove to the filling station, and a girl employ-ed at the Buis place waited on him. After having his car filled with gas-o-line the man ordered a quart of oil, and when the attendant went for it he drove away.

Mr. Buis, who was standing near then opened fire with a revolver, and he told officials that he thinks four of the shots struck the rear of the car. Later he called the deputy, and the two followed the thief to Brazil, where they lost track of him.

Last summer a man and a woman traveling with him as his wife at-tempted the same trick at the Buis filling station, but were captured by a sheriff near the Clay county line. The man, Arthur Hagen of Indianapo-lis, was sentenced to the Indiana State farm on a charge of petit lar-ceny by Judge James P. Hughes. The woman was released.

TIGER CUBS IN WIN OVER THE ATHENIANS HERE

CONTINUE STRING OF VICTORIES BY TAKING CRAWFORDSVILLE IN RAGGED EXHIBITION OF BAS KETBALL SATURDAY NIGHT

The Greencastle high school basket-ball team continued its string of victories, when it defeated the Craw-fordsville aggregation by a score of 18 to 14 in a ragged exhibition of basketball on the Greencastle floor Saturday night. The game was a close one all the way, but neither team displayed much power.

Dawson, guard and H. Stone, for-ward lead the attack for the Purple and Gray. Dawson scoring six points while Stone garnered five. Thompson, Athenian center, was the high point man of the game, scoring ten of his team's fourteen points.

McAnally, lengthy Greencastle cen-ter was ejected from the game on fouls in the last eight minutes of play, and was replaced by Hughes. Earlier in the game T. Stone was re-placed by Bolander. The Cubs manag-ed to lead most of the way, holding an 8 to 7 lead at the half, and a 6 to 5 margin at the first rest period.

CASE INVOLVING LADOGA COMPANY IN HIGH COURT

SUPREME BODY OF LAND WILL RULE ON CASE OF CANNING COMPANY AGAINST AMERICAN CAN COMPANY

WASHINGTON, Dec. 20.—As an angle of the food business, the price of cans has come before the supreme court.

Van Camp and the Ladoga Packing company of Indiana, were com-petitors where beans, pumpkin and soup were concerned and both bought their cans from the American Can company. Van Camp, however, got its receptacles at a lower price. When the Ladoga company in 1927 heard this had been going on for six years it sued American Can for damages under the Clayton anti-trust act.

The Ladoga company won a verdict for \$39,000. The American Can company has asked the supreme court to review the case, arguing the dif-ference in price to the concern was justified, for Van Camps cans outnum-bered those of its competitor by the millions.

Judge James P. Hughes in the Putnam circuit court today granted a judgment of \$180 to Inez Black against Daniel Tate. The suit was a complaint on contract, and evidence in the case was heard after a motion for a change of venue had been with-drawn.

Greencastle police last night and today were watching for two stolen cars said to have been headed this way. One was a Chevrolet coach said to have been stolen from Charles Cummins of Mooresville and the other as a Model T, Ford said to have been stolen in Brazil.

Sam Purcell received word today of the death of Homer Clark, age 57 years in Los Angeles. Mr. Clark died Saturday night after an illness of several months. He resided in Green-castle until about 12 years ago. His brother Harvey Clark went to Calif-ornia to visit him about 3 weeks ago. The deceased is a half brother of Mr. Purcell.

SPECIAL GIFT SERVICES ARE HELD SUNDAY

GREENCASTLE CHURCHES MAKE EFFORT TO RELIEVE NEEDY IN VICINITY BY COLLECTING FOOD

It was estimated this morning that enough staple foods had been con-tributed by congregations of the Greencastle Churches at special gift services held in the churches Sunday to make several dozen baskets of food for distribution among the needy of Greencastle and vicinity.

Pastors announced this morning that in order to avoid duplication the distribution of this food would be through the regular agency. The con-tributions were made as a part of regular Christmas services, with practi-cally every member of each congre-gation contributing.

At the Christian church the gift service was held in the evening in the church auditorium, with each of the churches seated in a special section, and the contributions were brought by classes. The gift services were held at the Methodist and Presbyterian churches in the morning.

SEEKS JUDGEMENT AGAINST THE VICTORY SCHOOL

The Citizens Trust Company in a suit filed in the Putnam circuit court today asks a judgment of \$4,000 against the Victory School for Boys of Greencastle. The suit is a com-plaint on note and to foreclose mort-gage.

It is alleged by the Citizens Trust Company that on September 8, 1928 it loaned to the school \$5,000. The loan was secured by mortgage on real estate owned by the school.

The Trust company further alleges that the note is due and unpaid. S. Quay Brookshire, Swan D. Brook-shire, Mary Bruce Brookshire and Jesse Paul Johnson, trustees of the school are named as defendants.

The First National Bank was ap-pointed receiver of the institution by Judge James P. Hughes this after-noon.

POST OFFICE RETAINS FIRST CLASS RATING

STAMP SALE FOR 1930 REACHES \$40,000 AT NOON TODAY—SIX EXTRA MEN ARE EMPLOYED FOR CHRISTMAS MAILS

Santa Claus presented the Green-castle postoffice with a nice little gift for the year 1931 at noon today, when the postoffice reached its required sale of stamps to retain its position as a first class postoffice.

At noon today \$40,000 in stamps had been sold, the amount required to maintain a first class postoffice. This announcement was made this afternoon by Postmaster E. R. Bart-ley.

The amount of mail and packages being handled at the postoffice is tremendous and the rush is all com-ing at once this year. In the past twelve hours a total of 20,000 letters and cards were handled alone and does not include the parcels handled. Six extra men are on the force today and are all ex-service men and mem-bers of the American legion.

BAPTIST YOUNG PEOPLE MAKE NEW RECORD

The young people of the B. Y. P. U. of the First Baptist Church made a new attendance record yesterday evening. It was the highest attend-ance mark of the present pastorate, and a mark in the history of the Baptist Church. Ninety young folks were in the B. Y. P. U. department, and with very few exceptions, these young folks are all in the habit of remaining for the Sunday evening preaching services.

ROACHDALE MAN FILES SUIT FOR DIVORCE TODAY

CORNELIUS BARTLETT SEEKS FREEDOM FROM WIFE, WHO HE CHARGES IS DIRTY AND SLOV-ENLY ABOUT THE HOME

In a suit filed in the Putnam cir-cuit court this afternoon Cornelius L. Bartlett, Roachdale garage mechanic asks a divorce from his wife Nadine W. Bartlett. The decree is sought on grounds of cruel and inhuman treat-ment and desertion.

Bartlett alleges that during their six years of their married life, Mrs. Bartlett has frequently, without cause left his home and gone to the home of her parents in Belleville and stayed for weeks at a time. He further al-lleges that when at home she was slovenly dirty and untidy about the home and that she frequently was quarrel-some and contrary.

The pair were married in January 1924 in Martinsville, and were final-ly separated in September 1929. Bart-lett charges that since their separa-tion they have divided their posses-sions, and his wife has squandered her share. He states that at present she is residing with her parents.

According to Bartlett's complaint it is impossible for him to live with his wife, and he seeks a decree of divorce. No children were born to the union.

PREACHER FILES SUIT FOR DIVORCE MONDAY

In a suit filed in the Putnam circuit court today the Rev. Oscar L. Jones asks a divorce from his wife Emma J. Jones. The decree is sought on the grounds of cruel and inhuman treat-ment and abandonment. Jones, in his complaint, charges that in 1926 his wife abandoned him, and has since failed and refused to return to his home. The pair were married in Janu-ary, 1914, and lived together until April, 1926, the complaint sets forth. Before her marriage to Jones his wife was a Mrs. Emma Tucker.

ONE-HUNDRED AND FIFTY DRIV-EN BACK BY MACHINE GUN TANK PLACED AT EN-TRANCE TO MISSOURI JAIL

PROTECT NEGRO SLAYER

Large Force Guards Man Who Attack-ed and Murdered 19 Year Old School Teacher—Is Said To Have Confessed

ST. JOSEPH, Mo., Dec. 22.—A mob attempting to storm the Buchanan county jail early today and gain cus-tody of Raymond Gunn, Negro trapp-er, charged with the murder of Miss Velma Colter, 19-year-old school teacher, was felled by sheriff's de-puties, city police and a National Guard tank company.

Approximately one hundred and fifty men, said to have gathered from Maryville, Mo., home of the teacher and from other nearby Missouri towns, first appeared at the jail here shortly after midnight. Sheriff John Roach talked to the mob leaders through a heavily barred door and told them he would protect his pris-oner in every way possible.

All deputy sheriffs immediately were called for duty. They were not molested on arriving at the prison and entered the jail. City police also responded to the alarm, as did the St. Joseph tank company of the Missouri National Guard.

The guardsmen placed a tank equipped with a machine gun at the jail entrance. Slowly the mob mem-bers, reinforced by spectators from St. Joseph, were driven away from the jail. After about three hours, police guard lines circled the building keeping all unauthorized persons at least a block distant.

A crowd held a meeting on a street corner two blocks away, and the men decided to go to Plattsburg, where reports declared the Negro had been taken.

Officers there said the Negro, alleg-ed to have confessed attacking and beat-ing the school teacher to death, had not arrived and was not expected. The mob also was not reported at Plattsburg and St. Joseph officers be-lieved the members drove in motor cars to their respective homes after failing to obtain entrance to the St. Joseph jail.

Electricity Costs Only 8 Cents a Day For Average Family

ELECTRICITY is one of the cheapest things Indiana residents buy. It is comparable in cost only with the government two-cent postage stamp.

The average monthly bill for electric service furnished residential customers was only \$2.46 in communities served by subsidiary operating companies of the Midland United Company in the twelve months' period ended September 30, 1930.

Your own bill may have been a little higher or a little lower—depending upon the extent to which you use electric service in your home—but \$2.46 was the average monthly bill paid by residential customers during that period.

That means an expenditure of only 8 1/10 cents per day per family; less than 2 cents a day for each member of the average family.

What other service can be purchased at a cost of 8 cents a day which will bring the same comfort and convenience into the home as electric service?

Electric service has lightened the burden of housekeeping; it has made life more pleasant and simplified and made easier many tasks. It is the modern servant in the home. And the cost of this service today is less than ever before.

Substantial and continuous voluntary reductions in the rates charged for electrical service have been made by utility companies in the group controlled by the Midland United Company. It is their policy to furnish the best possible service at the lowest possible rates.

As pointed out in previous advertisements in this series, electric power and light customers of subsidiaries of the Midland United Company have benefited to the extent of more than \$5,000,000 a year as a result of reductions and revisions of electric rates. These rate changes have enabled them to either make a direct saving in money or to use electricity for more purposes, thus saving time and labor.

The low cost of a fraction over 8 cents a day which residential customers of Midland United subsidiaries pay for electric service in their homes is the result of continual rate reductions and improved service. These low rates are made possible by the state-wide system of electric transmission lines which subsidiaries have built bringing adequate and reliable service to the entire territory served by them at reduced cost.

[This is the seventh of a series of advertisements discussing the economics of the public utility business and revealing how the public is benefited by holding company control.]

"Scarlet Pages" Marks Return of Elsie Ferguson

Elsie Ferguson makes her return to the screen in her first talking picture role in "Scarlet Pages," the First National and Vitaphone drama current at the Voncastle Theatre, plays again today and Tuesday, matinee and night.

A few years ago, Miss Ferguson was one of the leading actresses of silent films. During the past several years, she has been a prominent foot-

light star both in New York and other leading theatrical centers.

In "Scarlet Pages" Elsie Ferguson enacts a brilliant woman lawyer who takes the case of a girl charged with the murder of the man she believes to be her father. One of the most sensational screen trials is filmed and recorded in this dramatic story of a woman who sacrifices her career to save her daughter from disgrace.

Added to the Voncastle's program today and tomorrow will be a Vitaphone musical act entitled "The Railroad Follies and the Fox Sound News."
